COUNTY MASKING MANDATE GUIDE

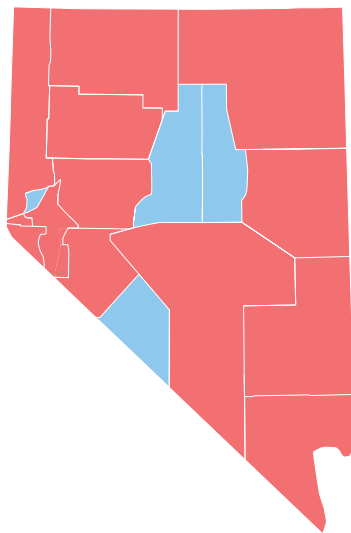

FOR THE WEEK OF AUGUST 10-16, 2021

Mask Mandate Methodology

All counties in Nevada that are experiencing substantial or high transmission levels based on the latest CDC COVID-19 tracker must follow the mask requirements. In these counties, everyone, including fully vaccinated individuals, are required to wear a mask in public indoor settings.

For a county to change masking requirement status it must **remain in a transmission classification for two consecutive weeks**. If a county's status changes, it will have until Friday of the same week to implement that change.

This document, updated each Tuesday, will indicate the masking status of each county for that week.
